## WORLD CUP 2010

### SPORT DRESS AND TABLES

#### Sport Dress

- Each player must have 4 “national” shirts: one for each day of the event.  
A jogging suit (top and bottom) is also required of all players.
- The name of the country must be clearly displayed on the players’ shirts and jogging suit; players can also add their names and country’s flag on their shirts and jogging suits, if they wish.
- Players must wear their national shirt during ceremonies and matches; players who do not abide by this rule will not be allowed to compete. Players are strongly encouraged to wear their national sport dress during the whole event, even if they don’t play every day.
- Partners in Doubles events must wear exactly the same sport dress.

#### Tables

- For the World Championships, qualified players and national champions must choose their table by **October 31st, 2009**, at the latest, except when national championships take place later.
- For the World Cup, national federations must announce the choice of the table for each team (the Men’s, Women’s, Junior and Senior teams from the same country can choose different tables) by **October 31st, 2009**.
- Players/teams cannot change their choice of table during the tournament.  
If 2 opponents/teams have chosen the same table, they will play on one table only.

## WORLD CUP 2010

### TEAM REPRESENTATIVES AND REFEREES

#### ➤ Captain, Coach and Delegate

• Each team (Men's, Women's, Junior and Senior) must designate a team captain among the team players.

Each team (Men's, Women's, Junior and Senior) can be accompanied by a coach who will be considered as a non-playing team member; and also by the delegate of the national federation who can not be a team member.

##### • The captain

He/she will represent his/her team; among other things, when 2 teams meet, he/she will do the coin flips.

##### • The coach (manager/coordinator)

The coach can not be a playing team member. He/she will be in charge of making sure the team is well organized such as respecting the schedule of matches, the dress code, etc. He/she will be the intermediary between his/her team and ITSF.

If there is no coach, the captain will take on the coach responsibilities.

##### • The delegate

He/she will be expected to attend all official meetings.

#### ➤ Referees

• Each federation will provide the list of all the persons who can be called upon to referee matches during the World Cup.

They must indicate whether these persons are players or not (whatever their referee level may be : Assistant, Regional, National, International\*, International\*\*, Head Official).

• Also each federation needs to designate someone who will be the reference person for all relations with the Rules Commission regarding refereeing questions during the event.

This person can either be the coach, the delegate or a player.

## WORLD CUP 2010

### WORLD CUP FORMAT

Some changes have been implemented since the last World Cup, so please take time to read this information thoroughly.

#### Teams

• 4 World Cup events will take place this year in the following categories:

- **Men's:** no women allowed in a Men's team
- **Women's:** no men allowed in a Women's team
- **Junior (18 and under\*):** male and/or female players can be part of a Junior team
- **Senior (50 and over\*):** male and/or female players can be part of a Senior team

*\* Please note that players who were Juniors in 2009 can still take part in the 2010 Junior World Cup; and players who become Seniors in 2010 can take part in the 2010 Senior World Cup.*

• It is possible to have a male Junior and/of Senior player in the Men's team (and/or a female Junior and/of Senior player in the Women's team), under the condition that it doesn't prevent the federation from having a complete Junior or Senior team.

In that case, the federation can also have a Junior and/or Senior team.

• A national team is made up of 7 players (+ 2 reserve players) for the Men's event, 6 players (+2 reserve players) for the Women's event, and 4 players (+ 2 reserve players) for the Junior and Senior events, accompanied by their coaches and the president (or delegate) of the national federation.

It is up to each federation to decide whether they want to send reserve players or not. These reserve players will be able to rotate with regular team members for each encounter with another team but note that no change of players will be allowed after the players list has been entered on the players' station, except in case of injury.

**The minimum number of players allowed in a Men's team is 5, in a Women's team it is 4 and in a Junior or Senior team it is 3.**

• Each national team chooses 1 table, and only one, for the whole tournament - the 2 teams from the same country can choose different tables.

Tables are as follows: BONZINI, GARLANDO, ROBERTO SPORT, TECBALL and TORNADO.

**Even when two teams playing against each other have chosen the same table, no change of tables will be allowed.**

# WORLD CUP NANTES 2010

## WORLD CUP 2010

• When 2 teams meet, they have 2 tables at their disposal. The **team captains** flip a coin twice :

- the team who wins the first flip gets to choose the side of the table they will play on for **ALL the matches** against the other team; they must play on the same side on both tables.

- the team who wins the second flip will choose which table is played first or who gets to serve first. The team who loses this flip has the remaining option.

Then before each of the following matches, the losing team of the previous match will get to choose which table is played first or who gets to serve first.

The other team has the remaining option.

**Exception: when 2 matches take place at the same time;**

- this is the case during the qualification phase  
- and it can also happen during the elimination stage if delay has accumulated and 2 matches take place at the same time in order to catch up on the schedule

Then, in those cases, the first match is played according to the same system as described above,

BUT, for the following matches, teams **must not wait** for their players to be available for the next match, neither for the right table to be available; they must play the first match on the scoresheet that is possible to play, according to the players and table that are available.

**In short, they must keep playing 2 matches at the same time.**

For those matches, there is only one flip to decide who gets to serve first.

## WORLD CUP 2010

### ➔ Qualification matches

- Participating countries will be drawn in groups of 4 for the Men's and Women's events, 2 groups of 6 for the Junior event and 1 group of 7 for the Senior event).

- Teams ranked 1 to 8 in the **Men's** (1 to 4 in the **Women's**) Rankings of Nations will not play in the same group. Moreover, in the Men's event, teams ranked 9 to 16 will not play in the same group either.

- The winner of the 2009 Men's World Cup (USA) will be seeded first for the 2010 Men's World Cup, and similarly, the winner of the 2009 Women's World Cup (Germany) will be seeded first for the 2010 Women's World Cup.

Then starting with the 2011 World Cup, the winners of the 2010 Junior and Senior World Cups will automatically qualify and be seeded first for the 2011 Junior and Senior World Cups respectively.

- Within a group, each team will meet with all the other teams in its group. Only 2 teams in each group will qualify for the next round in the Men's and Women's events, 4 teams in the Junior and Senior events.

- When 2 teams meet, they will play:
  - 5 matches (= 10 games) in the Men's event, according to the following format: S-D-S-D-S where S stands for Singles and D for Doubles matches;
  - 4 matches (= 8 games) in the Women's event according to the following format: D-S-D-S;
  - 5 matches (= 10 games) in the Junior and Se-

nior events, according to the following format: D-S-D-S-D.

- Matches have to be played following their order on the scoresheet, even if a team is incomplete.

- 2 matches will take place at the same time, on the 2 tables at the teams' disposal.

- In the **MEN'S and WOMEN'S EVENTS**, players can only play one match, so there must always be 7 different names on each scoresheet in the Men's event and 6 in the Women's event.

If there are less than 7 players in a Men's team (less than 6 in a Women's team), the match(es) remaining to be played on the scoresheet will be forfeited, and that team will automatically lose the points for this (these) match(es).

- In the **JUNIOR and SENIOR EVENTS**, players play 2 matches; so there must always be 4 names on each scoresheet, repeated twice. The 2 players who play the Singles matches must also play 1 Doubles match; i-e, the 2 Singles matches have to be played by 2 different players. Also, the 1st Doubles and Singles matches must be played by 3 different players.

If there are only 3 players in a Junior or Senior team, the match remaining to be played on the scoresheet will be forfeited, and that team will automatically lose the points for this match.

**See scoresheets for qualification matches:**

**Men's**  
**Women's**

## WORLD CUP 2010

- The names of the players for all the qualification matches must be provided by 10:00pm on Thursday at the latest and no change of players will be allowed after that.
  - A match consists of 2 games: one game on your table + 1 game on the other team's table.
  - A game is won in 5 goals.
  - At the end of the 5 matches (4 in the Women's event), points will be granted according to the number of games won by each team:
    - when a team has won more than 5 games (4 in the Women's event), it is granted 2 points
    - when a team has won 5 games (4 in the Women's event), it is granted 1 point
    - when a team has won less than 5 games (4 in the Women's event), it is granted 0 point
  - The maximum number of points that can be granted to a team at the end of the qualification process is 6 (2 points x 3 encounters against other teams).
  - if 2 teams have scored the same number of points, the team that has won the most games comes first ;
  - if both teams have won an equal number of games, the team that has the higher goal average comes first ;
  - if both teams have the same goal average, the team that has scored the most goals is first.
- See example in the chart below.
- At the end of the qualification process, 16 teams in the Men's event, 8 teams in the Women's and Junior events, and 4 teams in the Senior event will proceed to the next phase.

  - 5 matches in the Men's event, according to the following format: S-D-S-D-S;

  - 5 matches in the Junior and Senior events, according to the following format: D-S-D-S-D.
- Matches are played one at a time, except if delay has accumulated, in which case 2 matches will take place at the same time.
- A match is best of 3 games, first to 5, switching table after each game.

## WORLD CUP 2010

### PRIZES

**Over € 50 000 worth of prizes!**  
**No entry fees!**

This year again, players won't have to pay any entry fees to take part in the World Cup. This is meant to help all players and especially those who come from far away and have high travel expenses.

Also, as last year, the ITSF has committed itself to allocating prizes more fairly, in order to make sure that «grass root» table soccer can grow at the same time as high-level competitive table soccer.

#### Travel Packages - € 25 000

New: 11 more players benefit from a package this year - the Top 3 in Junior and Senior Singles Rankings, as well as the Senior Singles winner of each WCS event.

Check which players are entitled to a [travel package](#) and in which amount.

#### WCS Packs - over € 5 000

Apart from medals, the first 4 winners in each World Championships category (Men's, Women's, Junior, Senior and Disabled) will be awarded World Championship Series (WCS) packages so they can attend WCS events during the 2010 Tour.

Each time, packages will be awarded to players who are not members of the federation awarding the package, so that competitors are encouraged to attend other WCS events than the one taking place in their country.

Please note that these packages will not be transferable to other players.

#### Tables - over € 20 000

16 tables will be awarded to ITSF member federations:

- to the Top 3 federations according to the medal count in the World Championships rankings (2 tables each) - if countries are still tied, the 2009 World Rankings of Nations will be used

- to 2 federations in poor countries (3 tables each)

- to 2 federations as acknowledgment of their work to develop table soccer in their country (2 tables each)

In each of the above cases, the tables donated to federations will not be their "home" tables; the brands of tables will be determined for each federation by the ITSF Sports Commission.
