01 INTRODUCTION

THE WORLD CHAMPIONSHIP SERIES EVENTS

There are 5 World Championship Series (WCS) events in the annual ITSF Tour, one on each ITSF Official table (Tornado, Tecball, Roberto Sport, Garlando, Bonzini).

Each of these events is a “mini World Championships event” on a single table, as opposed to the end-of-the-Tour World Championships which take place on all 5 tables.

The first 3 Open Singles winners of each WCS event, as well as the winners of the Women's Singles, Junior Singles and Senior Singles categories are automatically qualified for the World Championships.

These 6 players also benefit from a travel package to attend the World Championships (each package amounts to € 250 to € 800 depending on where they reside).

10 international titles are awarded at each WCS event:

01. Open Singles
02. Open Doubles
03. Junior Singles
04. Junior Doubles
05. Senior Singles
06. Senior Doubles
07. National Teams
08. Women's Singles
09. Women's Doubles
10. Disabled Doubles

RULES AND MATCH FORMAT

All events in the ITSF World Tour are played according to the international Game Rules, to be found in several languages on the ITSF website:

www.table-soccer.org/rules

Qualification

- All qualification matches are played in a single 7-point game.
- The FAST software takes into account the level of a player's opponents when determining qualification matches, in order for the automatic draw to be fair to all players.

Elimination

- All matches of the elimination phase, except in the DYP events, are played with the following format : Single KO, best of 5 games, first to 5 in each game, with a 2-point difference in the last game up to a maximum of 8 points.
- DYP events : best of 3 games, with a 2-point difference in the last game up to a maximum of 8 points.

TOP SEEDS

Women's competitions

- If there are **more than 32 competitors**: there shall be 4 Top Seeds (TS) according to the ITSF World Ranking + 2 TS determined by the host federation (= wild cards). These 6 Top Seeds don't play qualification matches.
- If there are **32 competitors or less**: there shall be 4 Top Seeds (TS) according to the ITSF World Ranking. These TS play qualification matches but do not play against each other during that qualifying phase.

Open competitions

- There shall be 8 Top Seeds (TS) according to the ITSF World Ranking + 4 Top Seeds determined by the host federation (= wild cards). These 12 Top Seeds don't play qualification matches.

www.table-soccer.org/rankings

- In the Doubles event, points from both partners are added for the seeding.

CATEGORIES

Specific conditions

- Women, Junior (*under 18 years old on December 31st, 2009*) and Senior (*50 years old and older on December 31st, 2009*) players must choose between playing in their category (WS, WD, JS, JD, SS, SD) or playing in the Open events (OS, OD).
- Exceptionally, if there are very few competitors in their category (8 or less) players/teams will be allowed to compete in both events. In that case, the competition in their category shall start 2 hours after the start of the elimination matches in the Open category and shall be played in Single KO.
- Also if there are 8 or less players/teams in that category, only 50 % of the prize money will be paid out to players.
- There must be a least 3 players/teams in a competition before it can start.
- In case of time conflicts when launching matches, the Open event must be given priority.

Rating categories

- The ITSF has determined **3 rating categories**:
Pro = Pro Elite and Elite in the FFFT Rankings + non French players
Semi Pro = A and B Series in the FFFT Rankings + non French players
Rookie = C Series in the FFFT Rankings (French players only)
- Table rankings shall apply if they are available, however, the Top 150 players in the new **ITSF Combined Rankings** (Singles + Doubles) are considered Pro, and all international players are at least Semi-Pro.
- 4 weeks before the start of the event, the final rankings to be used will be displayed on the ITSF Tour website - changes that take place in the rankings after this date will not be taken into consideration.
- For Doubles events: a player may take part in a competition in a higher category than his/her own if his/her partner is ranked in that category.

ITSF WORLD
TOUR WEBSITE**

Why pay a referee fee?

The referee fee is meant to motivate players to become referees. Tournament organizers use this money to pay referees who officiate during their event.

For more information, visit the ITSF website:

www.table-soccer.org/rules

This fee does not guarantee players that they will have a referee at all times; it is mathematically impossible to have enough referees in the first rounds of a competition since most referees are also players. If no referee is available, the match must go on or else players/teams will be sanctioned (they may both get disqualified) for delaying the competition. However, it is clearly stated in the Referee Code that when a certified ITSF referee registers to play in a tournament, he/she is under the obligation to officiate (except in specific cases).

All referees have to wear ITSF referee shirts displaying their referee level. See referee dress code on: www.table-soccer.org/rules/dresscode.php

Official Clinics for referees will be held at 9:00 pm on the first 3 days of the event.

TST - HANDLE CHANGE SYSTEM

At the 2010 and 2011 WCS events, the ITSF is implementing the use of the handle change system made by the TST (Table Soccer Technology) Company, based in Hornhausen, Germany.

TST has developed a new concept of handles to help players adapt their game more easily on various types of tables.

At the moment, the TST handles are not yet totally ready for the Bonzini table but they will be very soon.

In the meantime, TST will exhibit its products at the Bonzini WCS event in Eaubonne, so players can familiarize themselves with this new system which is already compulsory in all the other WCS events this year and next year, as well as in the 2011 and 2012 editions of the ITSF World Cup.

Should this 2-year implementation prove a positive experience, this system will then be generalized for all the events in the ITSF Tour and the market will be open for all companies wanting to create such devices.
